Your Dream Team to Build & Run Software

How it works

Type your goal

Altan
Plans it

Tasks 4
Interface
Build an app for reservations & takeout
Genesis
Create a "Restaurant Assistant" agent
Database
Create a database for orders, reservations & products
Flow
Automate reminders and confirmation texts

Builds it

Altan

/ about us...

Interface | Your app is ready!

You

I have a Restaurant. People keep calling for tables and takeout. Can you handle it all? |

Altan

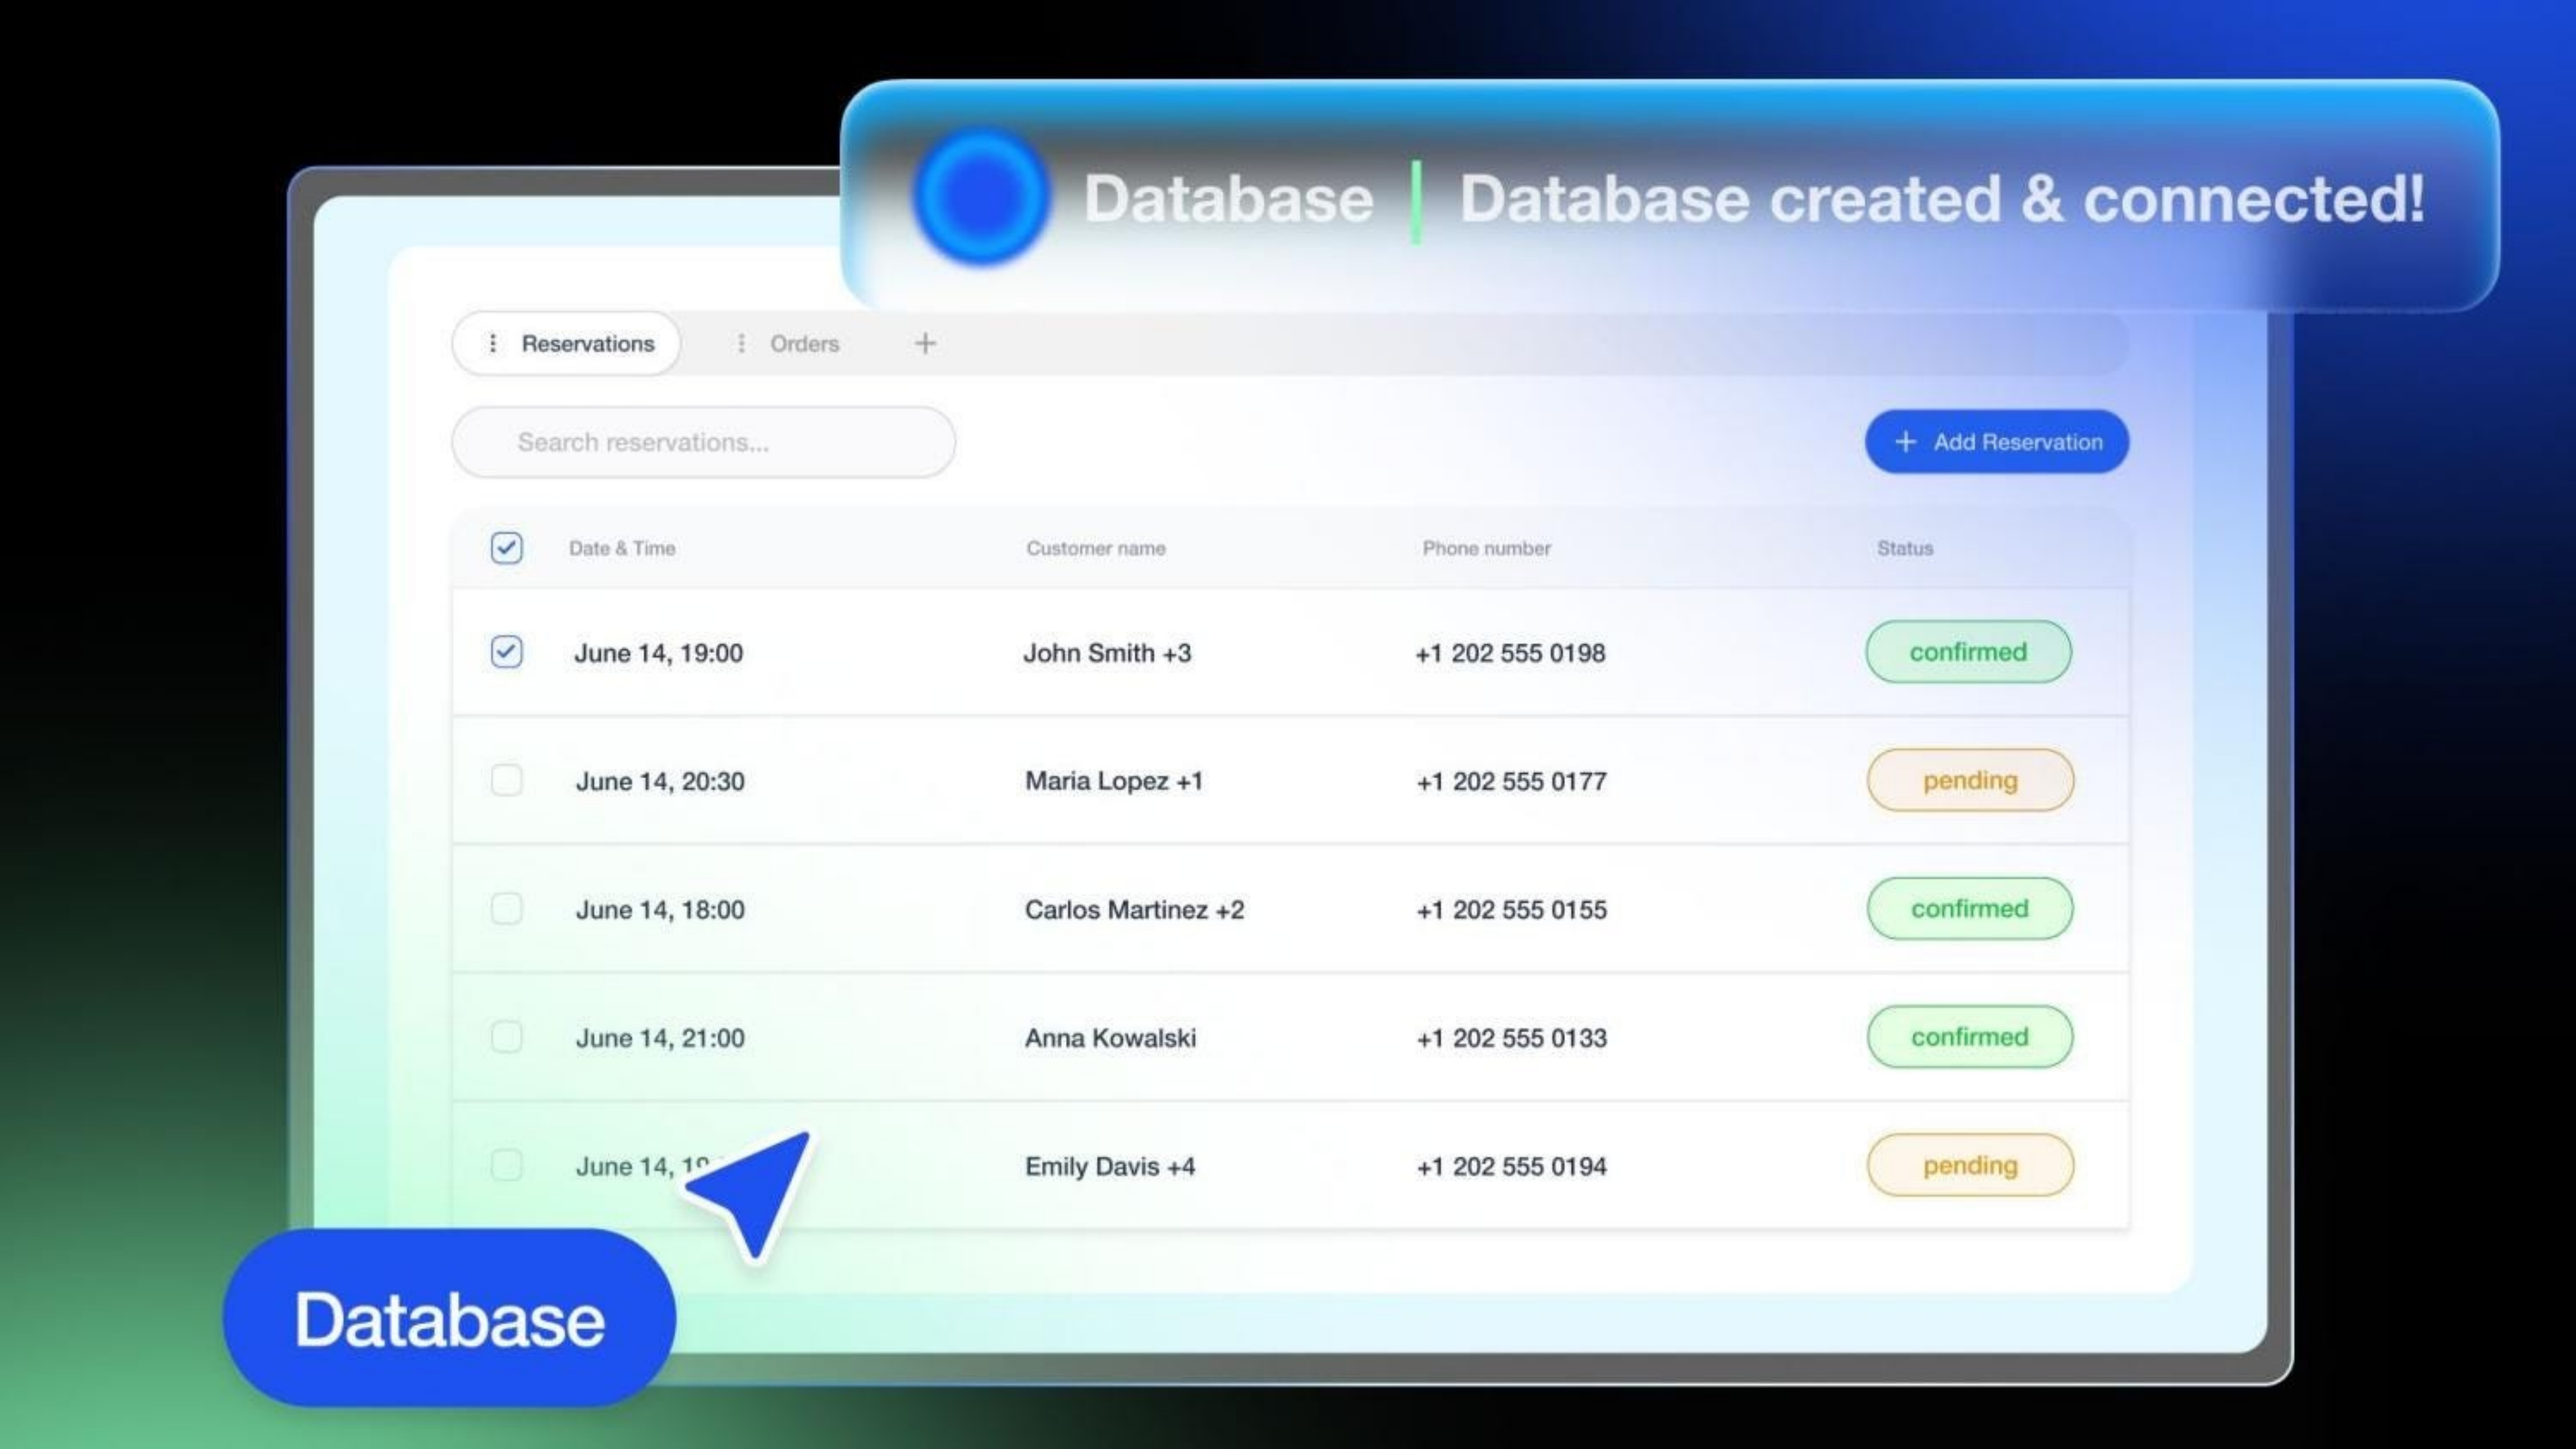

Perfect, I'll create the plan for the project to solve these problems.

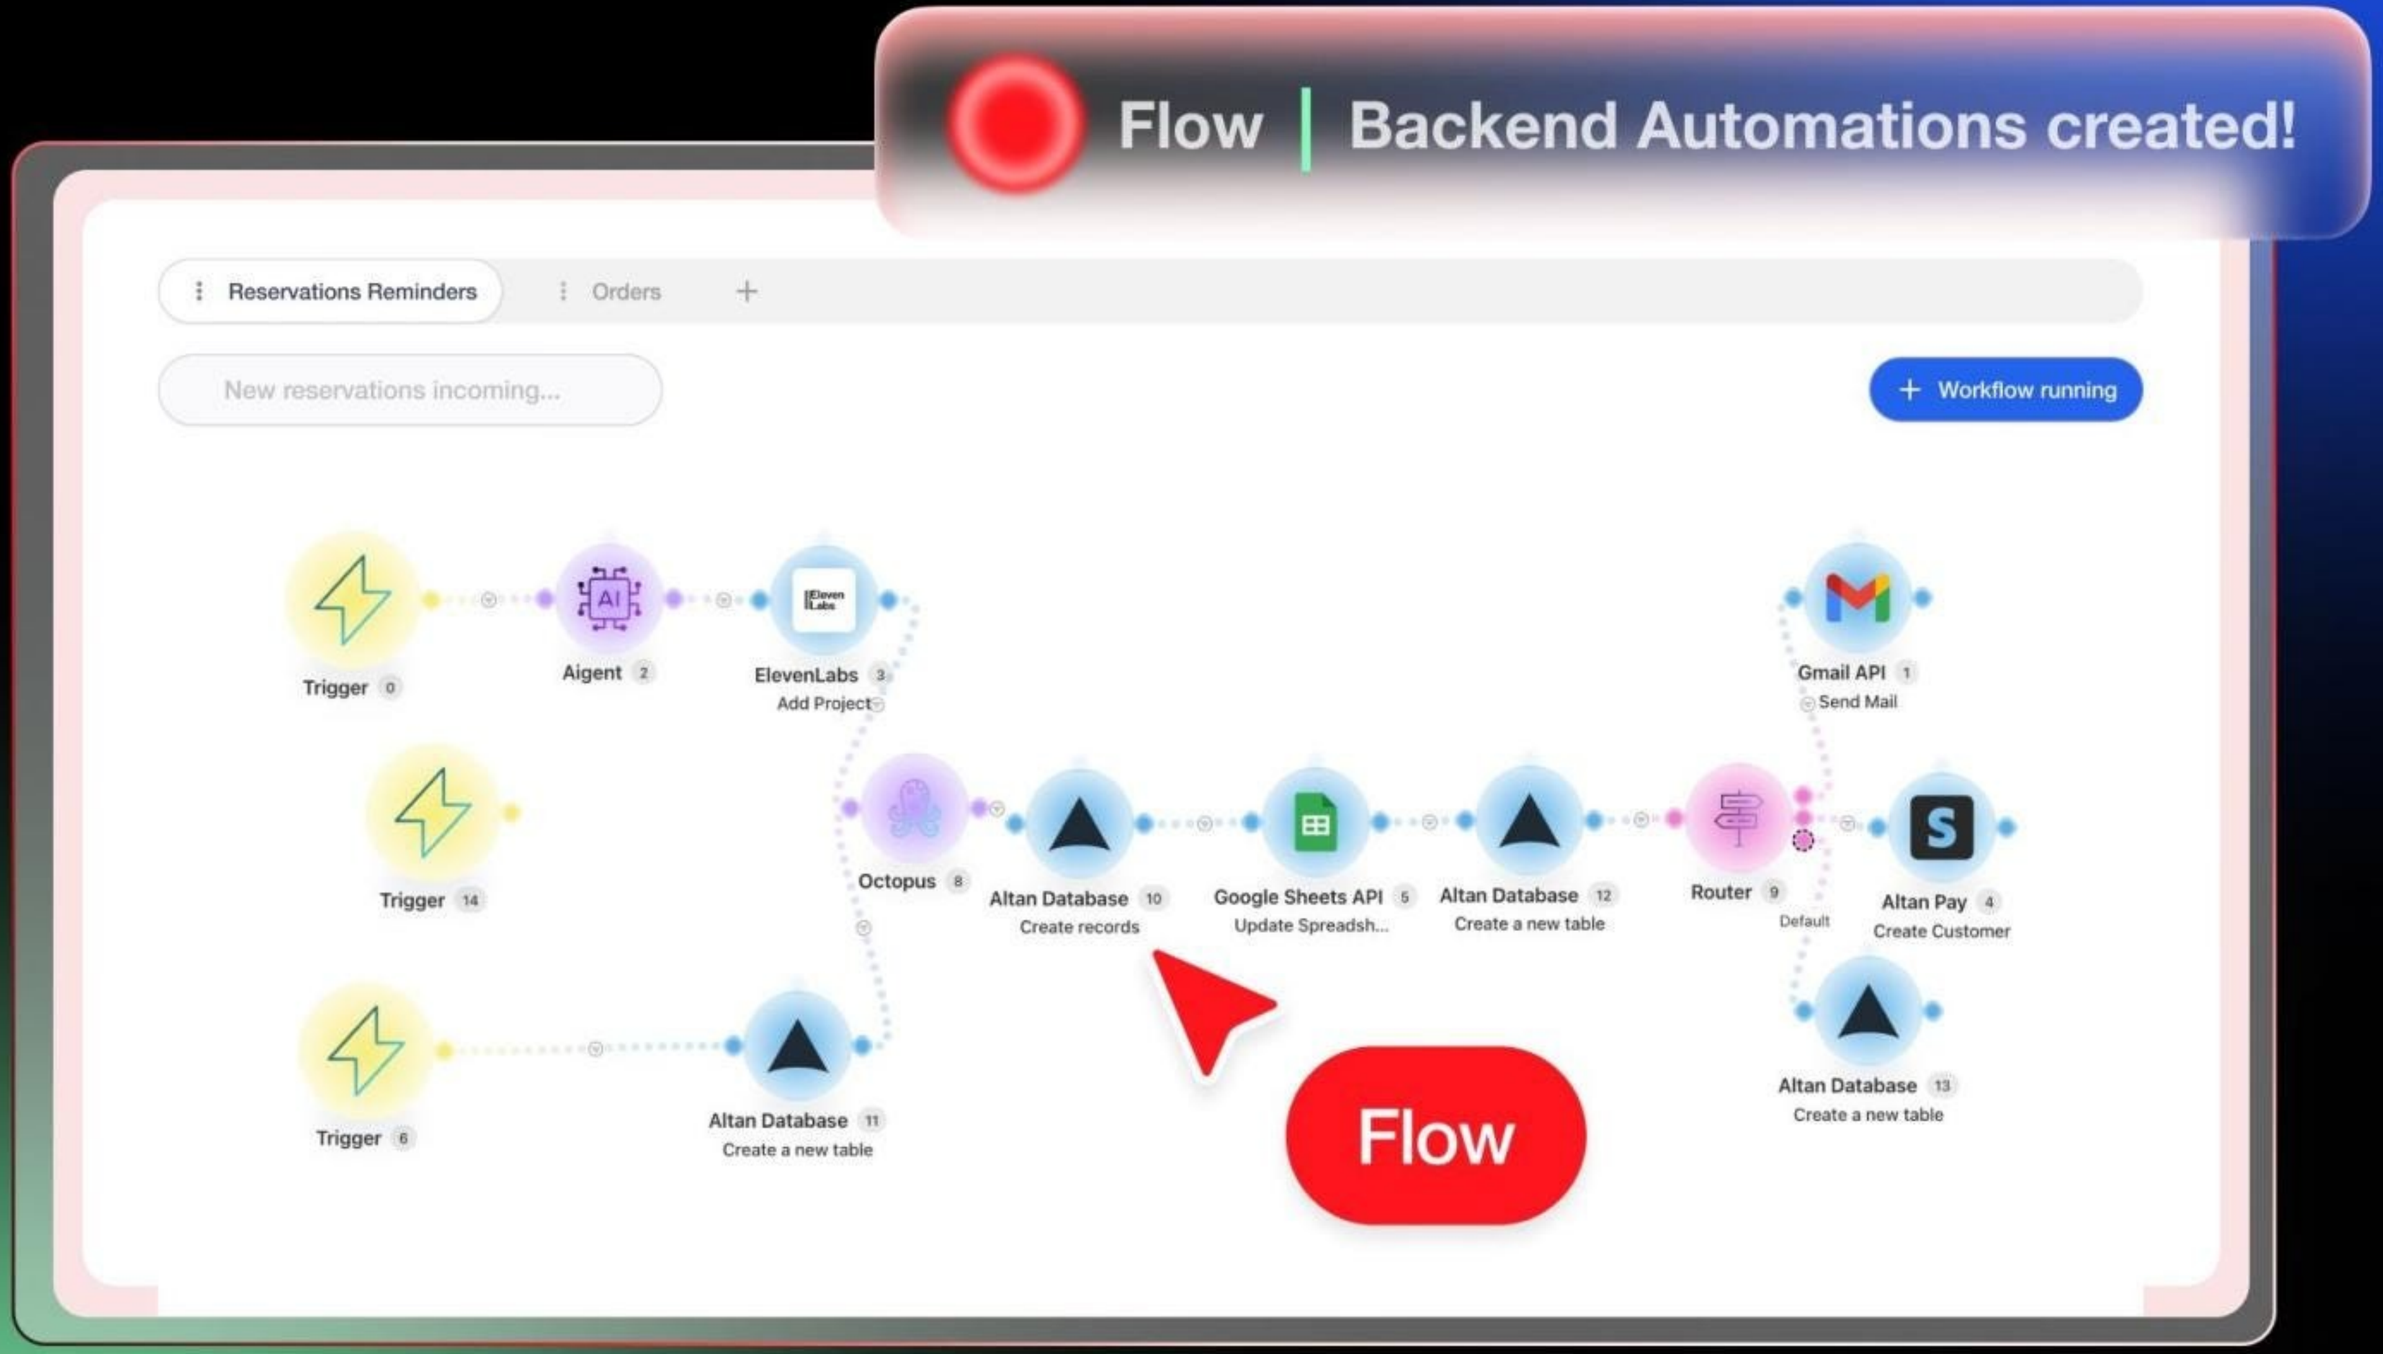

Tasks 4

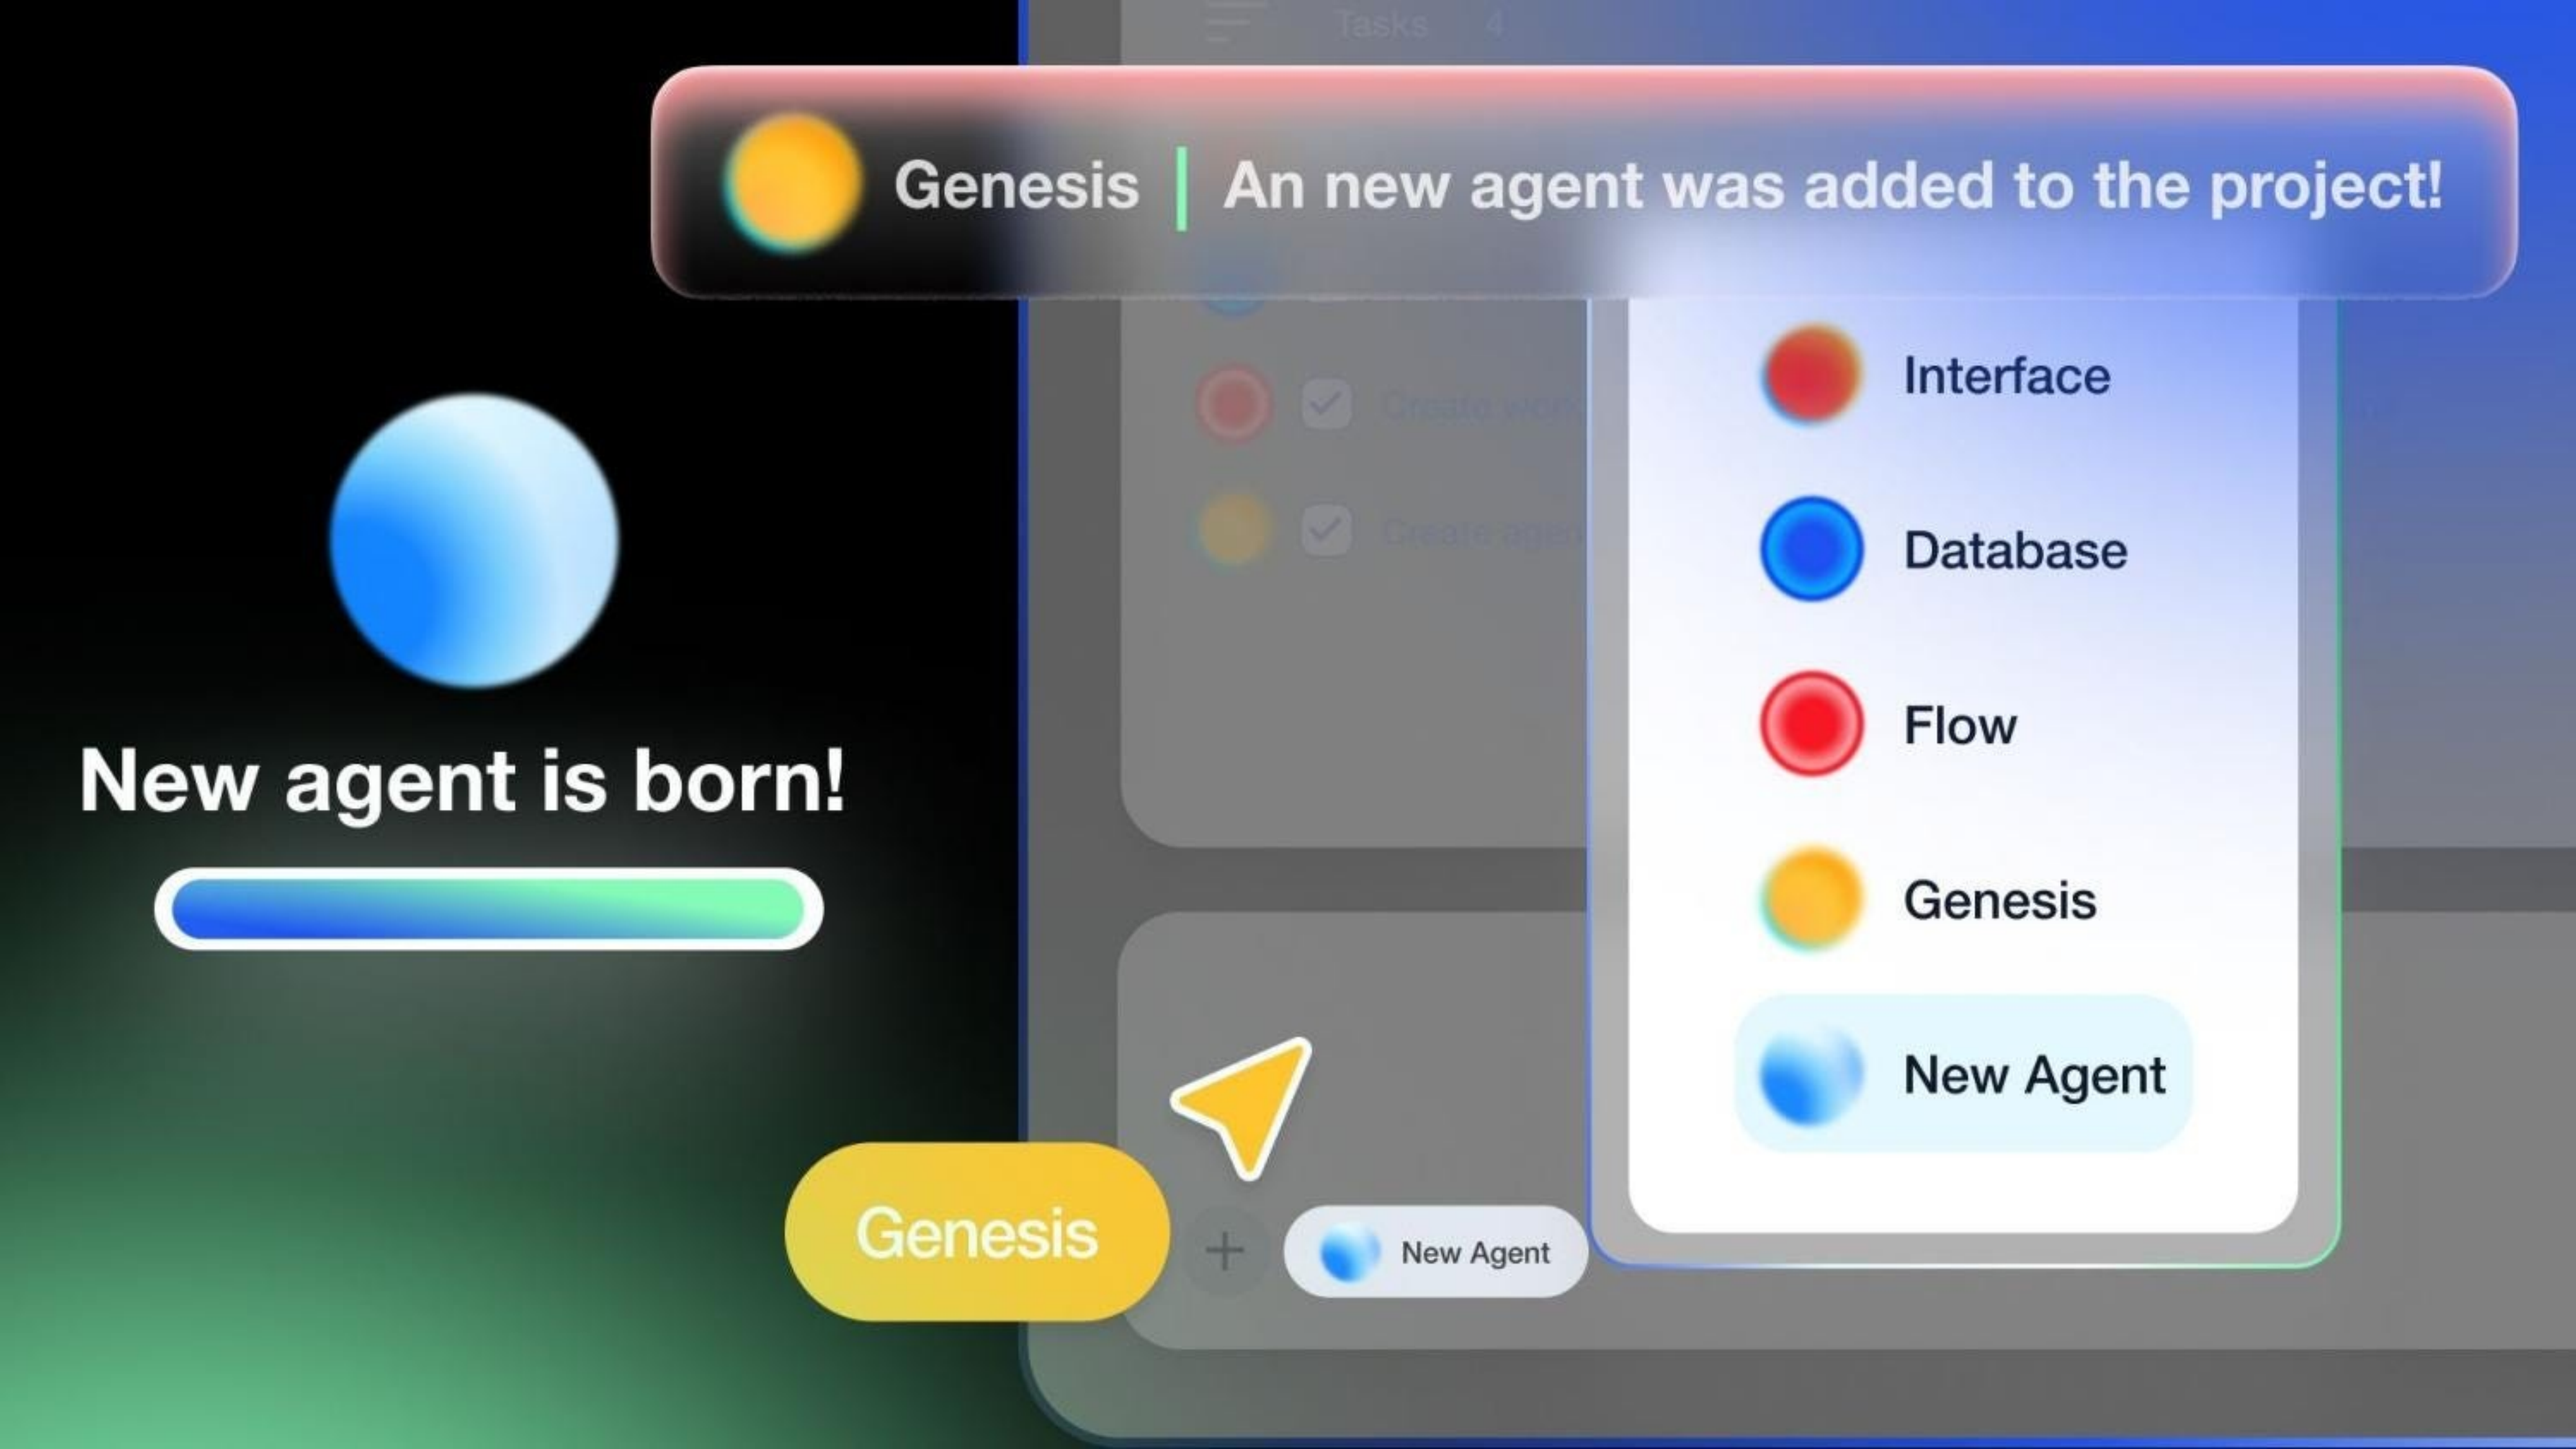

- Interface — Create interface
- Database — Create database for reservations, orders and products
- Flow — Create workflows for reminders, payments and confirmations
- Genesis — Create agent to manage project
