

Supabase

The open source Firebase alternative

Series D deck - concept - 2025

Concept reconstruction by Round Funded - not an official Supabase document

Backends are slow to build

- Glue code everywhere
- Proprietary lock-in
- Scaling is painful

Concept reconstruction by Round Funded - not an official Supabase document

SOLUTION

A full Postgres backend in minutes, open source.

Concept reconstruction by Round Funded - not an official Supabase document

PRODUCT

Everything around Postgres

Database

Auth

Storage

Edge Functions
