

# Uprise.

**The recommendation engine that makes you wealthier**

# Wealth mgmt is a $300B+ market that refuses to serve most of the population.

Global retail assets under professional management **grew by 19% in 2019.**

**And yet:** Over **55%** of US households don't qualify for asset management net worth hurdles.

Source of numbers above: BCG, "Global Asset Management 2020: Protect, Adapt, and Innovate," May 2020

We're on a mission to democratize access to financial optimization.

# The shift is inevitable and we're the right team to build it.

**Nantha**

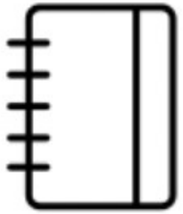

**Engineering**

- Lead engineer at **Facebook**
- Senior software engineer at **Emerson**

# We start with Gen Z, the population most underserved by what's out there.

**Automated tech tools** don't get you and don't fully work.

**Self-education** requires significant perseverance.

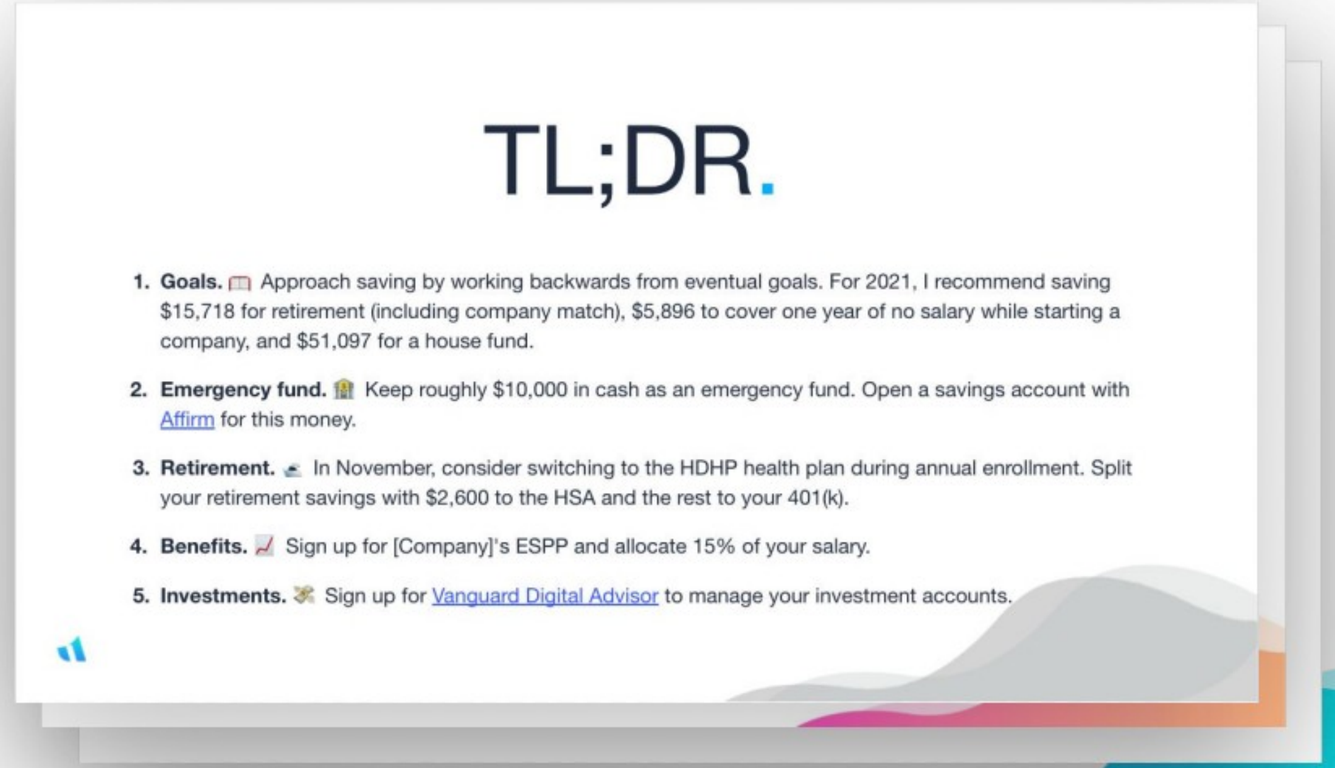

**Financial advisors** are unavailable and unaffordable.

# Our MVP is compelling from Day 1: fully personalized and completely free.

**The financial plan:**

- Goals
- Credit
- Debt
- Savings
- Retirement
- Investments
- Benefits

# And we're seeing real demand.

From our private alpha. X% returned following initial plan to ask questions and/or request new plans.

# More than that, it's about the wow.

"In movies like Billions, protagonists typically have a CPA and GC following them around, helping them optimize every single decision. They're like elite human guardrails/life-hacks. That's what this feels like.

Ethan, Berkeley 2021

"My wife and I… looked at each other and just [said,] 'wow, this really was personalized for us.' Incredible. This is the premium treatment I'd pay extra for.

Tanner, BYU 2018

"No one EVER talks about these kinds of things especially to young adults fresh out of college. I feel confident moving forward in the future.

Joseph, UCSD 2020

# The key is the human + robo combo.

**Trustworthy.**
The personal touch is critical for trust + relationship.

**Comprehensive.**
We spot where Plaid fails and fill in the gaps.

**Scalable.**
We build a flexible workforce powered by AI.

**Relevant.**
We directly answer customers' most burning questions.

# We're seeing traction with Gen Z communities and natural word of mouth.

**Rev the engine.**
**Community-driven marketing.**

Early success working with professional and affinity organizations.

**Fuel the engine.**
**Word-of-mouth growth.**

Early indicators of natural **word of mouth**. X.X referrals per user

# Achieving a scale and data advantage will open up multiple monetization options.

- **Affiliate partnerships.** Initial conversations with potential partners range from $X-Y+ per new account created. Given our personalization, we expect high conversion at 70%+ per plan.
- **Premium tier.** Potential offerings include direct access to financial experts and ongoing monitoring. Alpha customer feedback indicates willingness to pay between $X-Y per year.
- **Proprietary and/or exclusive products.** With our data and integrations, we can offer loans at better interest rates and access to exclusive investment opportunities.

# Why now.

**Interest in personal finance is at an all time high. We lean in.**

- Consumers increasingly comfortable with talking socially about personal finances.
- Recent market performance has created new wealth

**Anxiety in personal finance is at an all time high. We cut through it.**

- Crypto, neobanks, TikTok. We help people navigate the mess.
- New fintech products fighting for deposits. We stay impartial.

**Distrust of Wall Street is at an all time high. We democratize access.**

- Evidenced by GameStop, Robinhood.
- Wealth optimization strategies are still reserved for the super rich. Time for change.

# We're raising a $1M pre-seed to accelerate getting to product market fit.

- **Scalability.** Introduce technology to bring down manual effort while keeping NPS high.
- **Growth.** Launch influencer marketing. Build product growth loops.
- **Retention.** Build additional features (dashboard, reminders) to create an ongoing relationship.
