Design Chat Function in list: To Do
Due task
April 19 at 14:00
Last Update
April 8 at 14:00
Description
Right now youre getting notified every time something is posted to Slack. That's great at first, but now that activity is increasing you'll probably prefer dialing that down. We recommend notifications just for mentions and DMs (i.e., only when someone wants your attention).
Checklist New Checklist
30%
1- Right now youre getting notified every time something is posted to Slack.
2- That's great at first, but now that activity is increasing you'll.
3- Robably prefer dialing that down.
4- We recommend notifications just for mentions and DMs (i.e., only when someone wants your attention).
5- That's great at first, but now that activity is increasingprobably prefer dialing that down.

PERSONA 1

PAUL JOHNSON

Project Manager

34 years old, has a girlfriend
London

Works for a small company of 20 people for 6 years already and needs and loves to travel the world with his girlfriend to balance his stressful job.

“Good communication needs structure”

PERSONA 2

EMMA CASSIDY

Senior Graphic Designer

28 years old, Single
London

She is about start a new job in the company that Paul works in. Emma loves to read books and Design magazines, but most of all she loves to spend time with her friends.

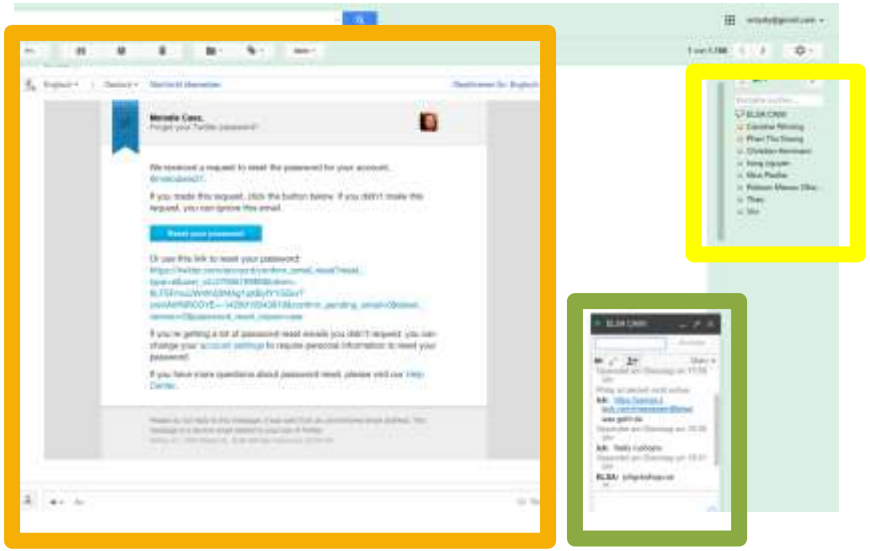

“The best tool to organise don’t have the best features to communicate or save documents.”

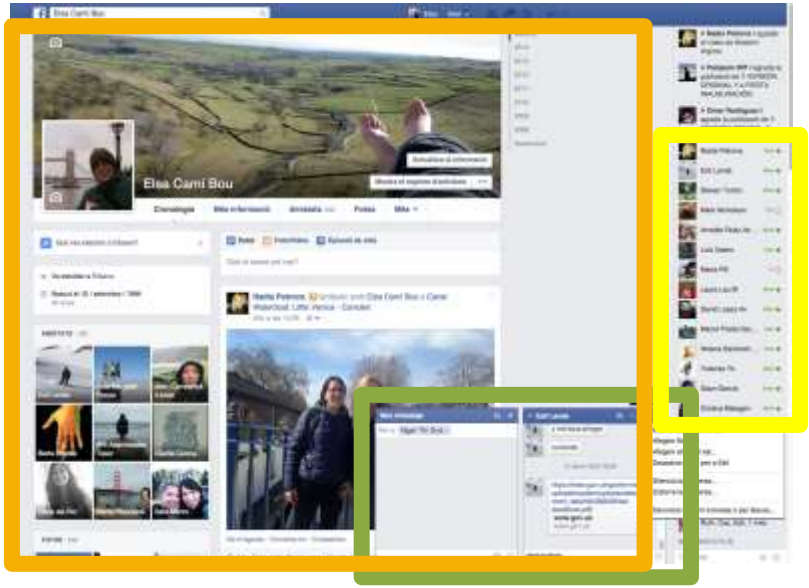

OBSERVATION

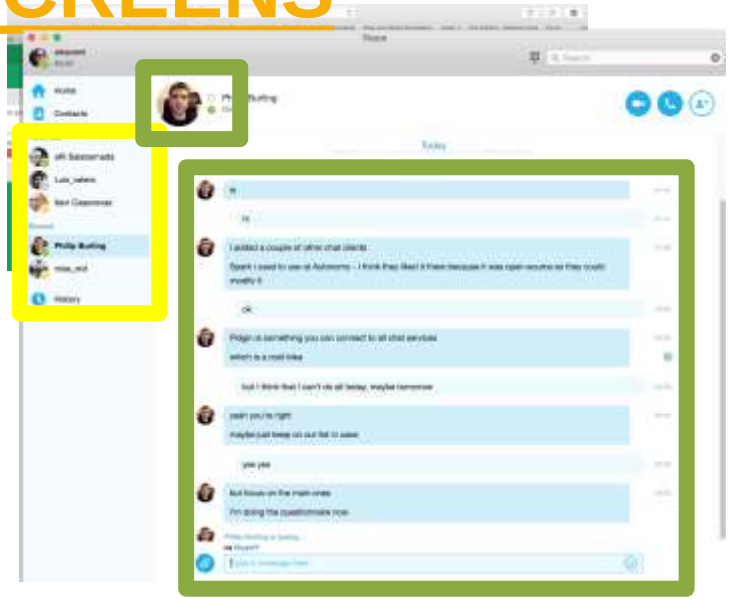

WHERE TO PUT FEATURES?

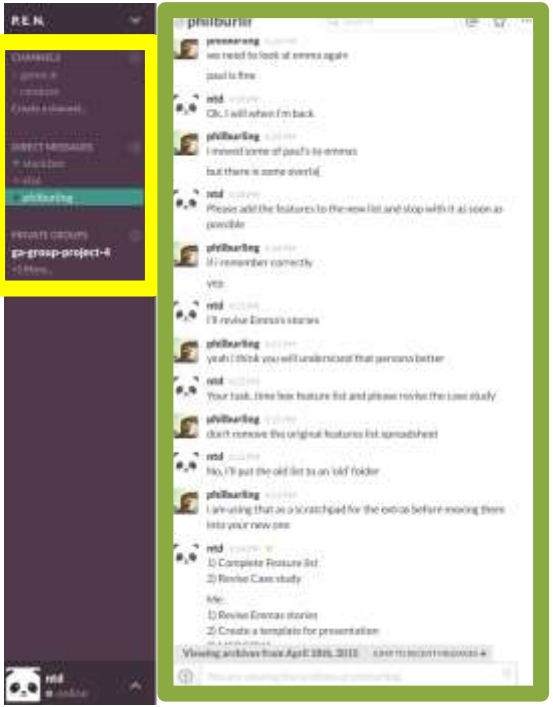

ANALYSED LAYOUTS: BOXES

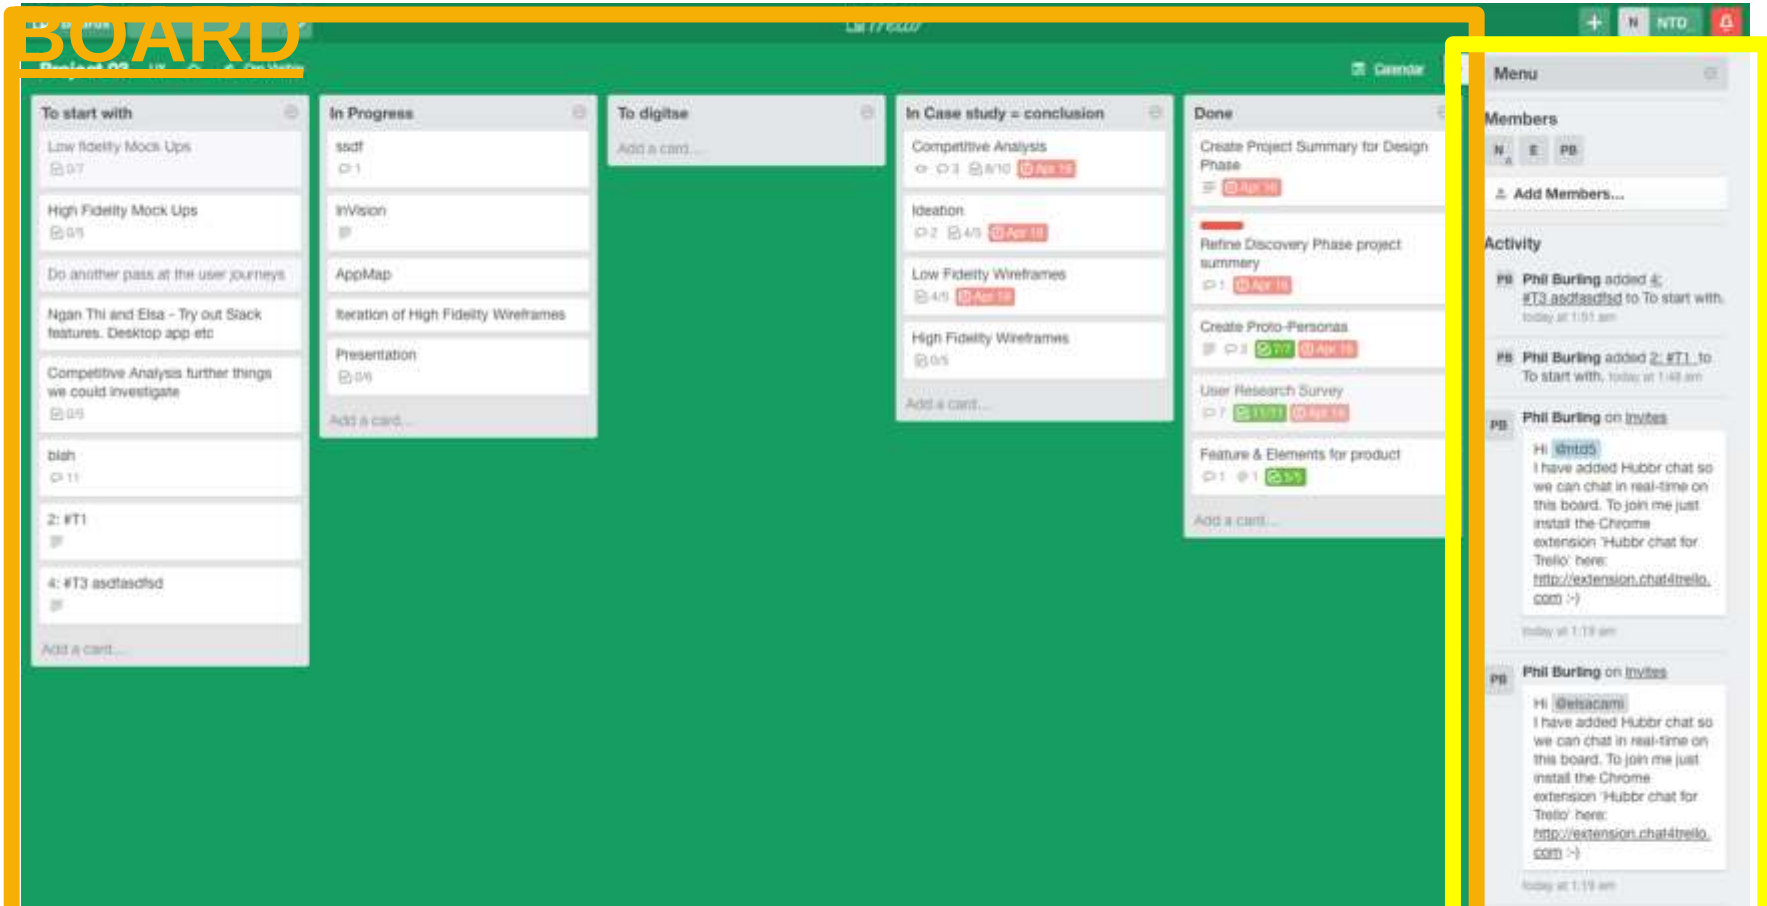

ANALYSED LAYOUTS: FULL SCREENS

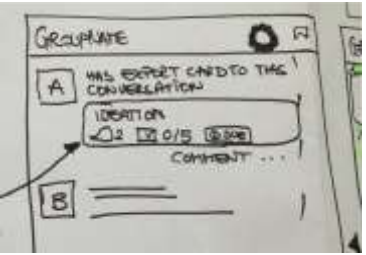

ANALYSED LAYOUTS: TRELLO

IDEATION

DESIGN SPRINTS

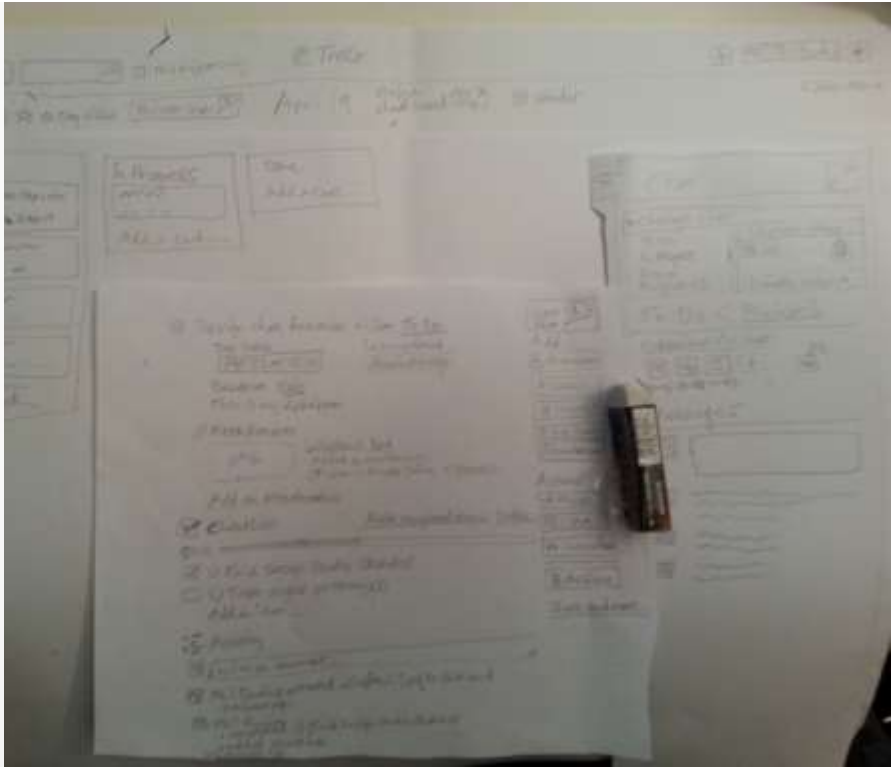

IDEAS

POSITION:

- integrated into menu bar
- multiple chat boxes at bottom

CHAT ON SPECIFIC TOPIC/SOURCES:

- generated from cards in lists
- shown in the right bar

IDEAS

POSITION:

- integrated into menu bar
- multiple chat boxes at bottom

CHAT ON SPECIFIC TOPIC/SOURCES:

- generated from cards in lists
- shown in the right bar

BETTER SEARCH & FINDS

- bookmarks
- more detailed filter on

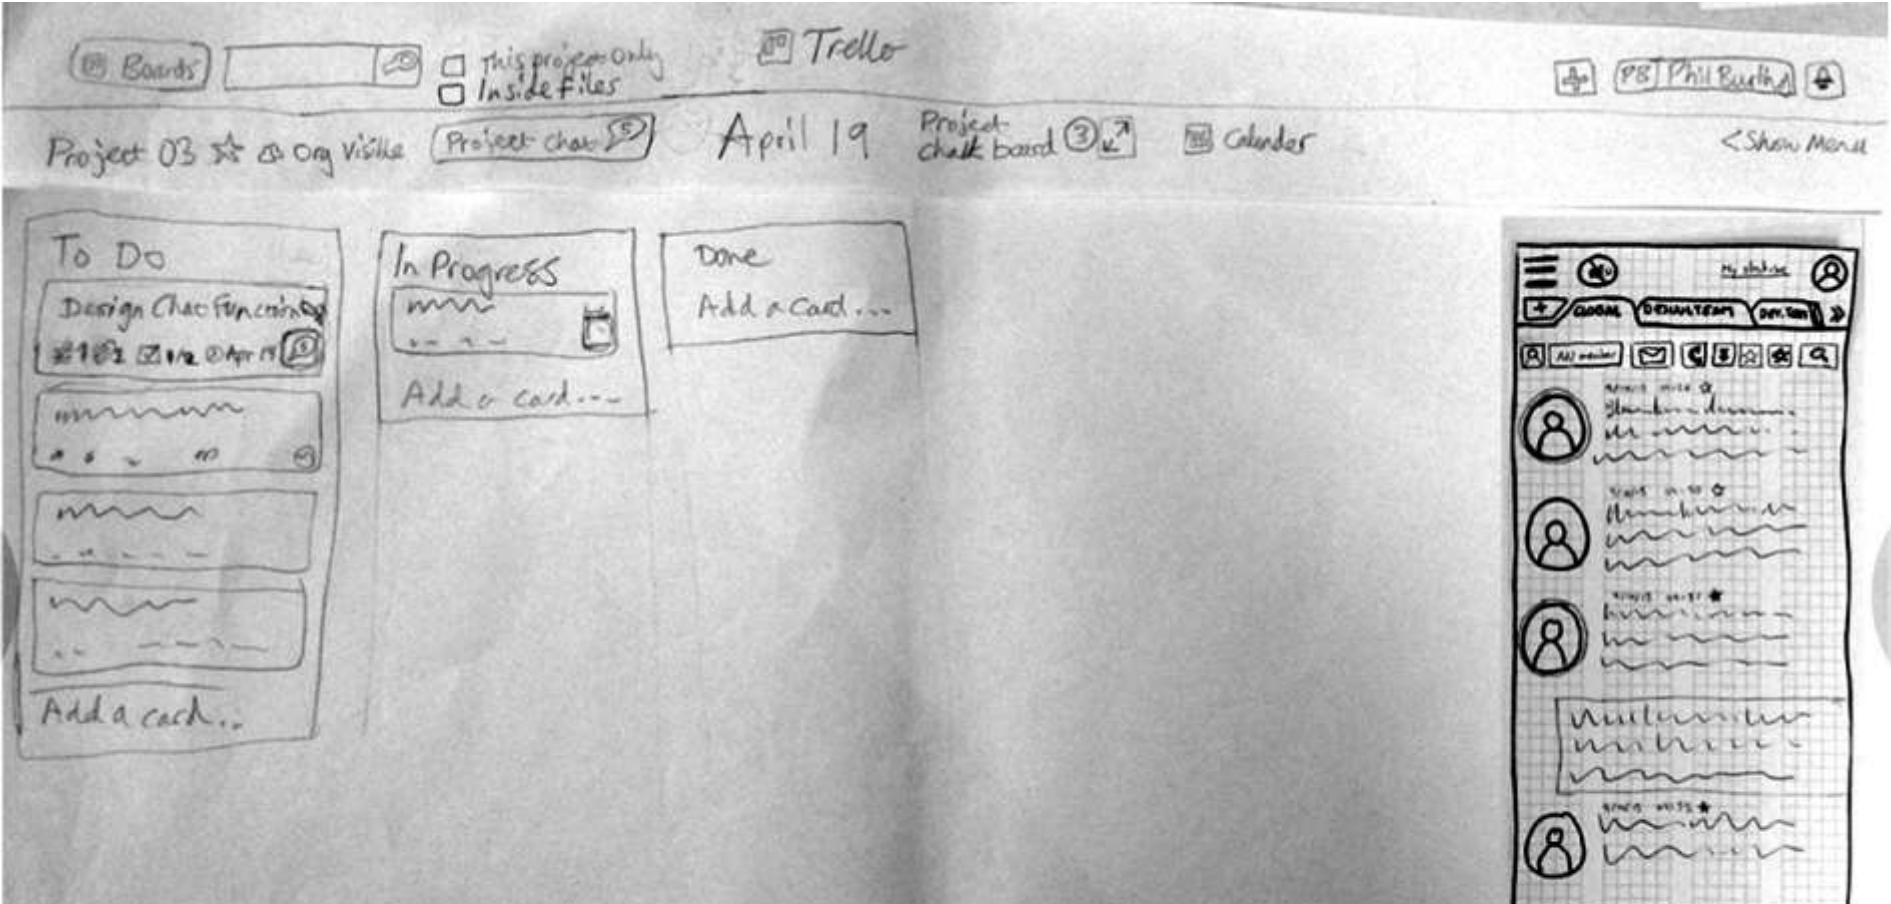

REDUCE NOISE:

- status
- notifications

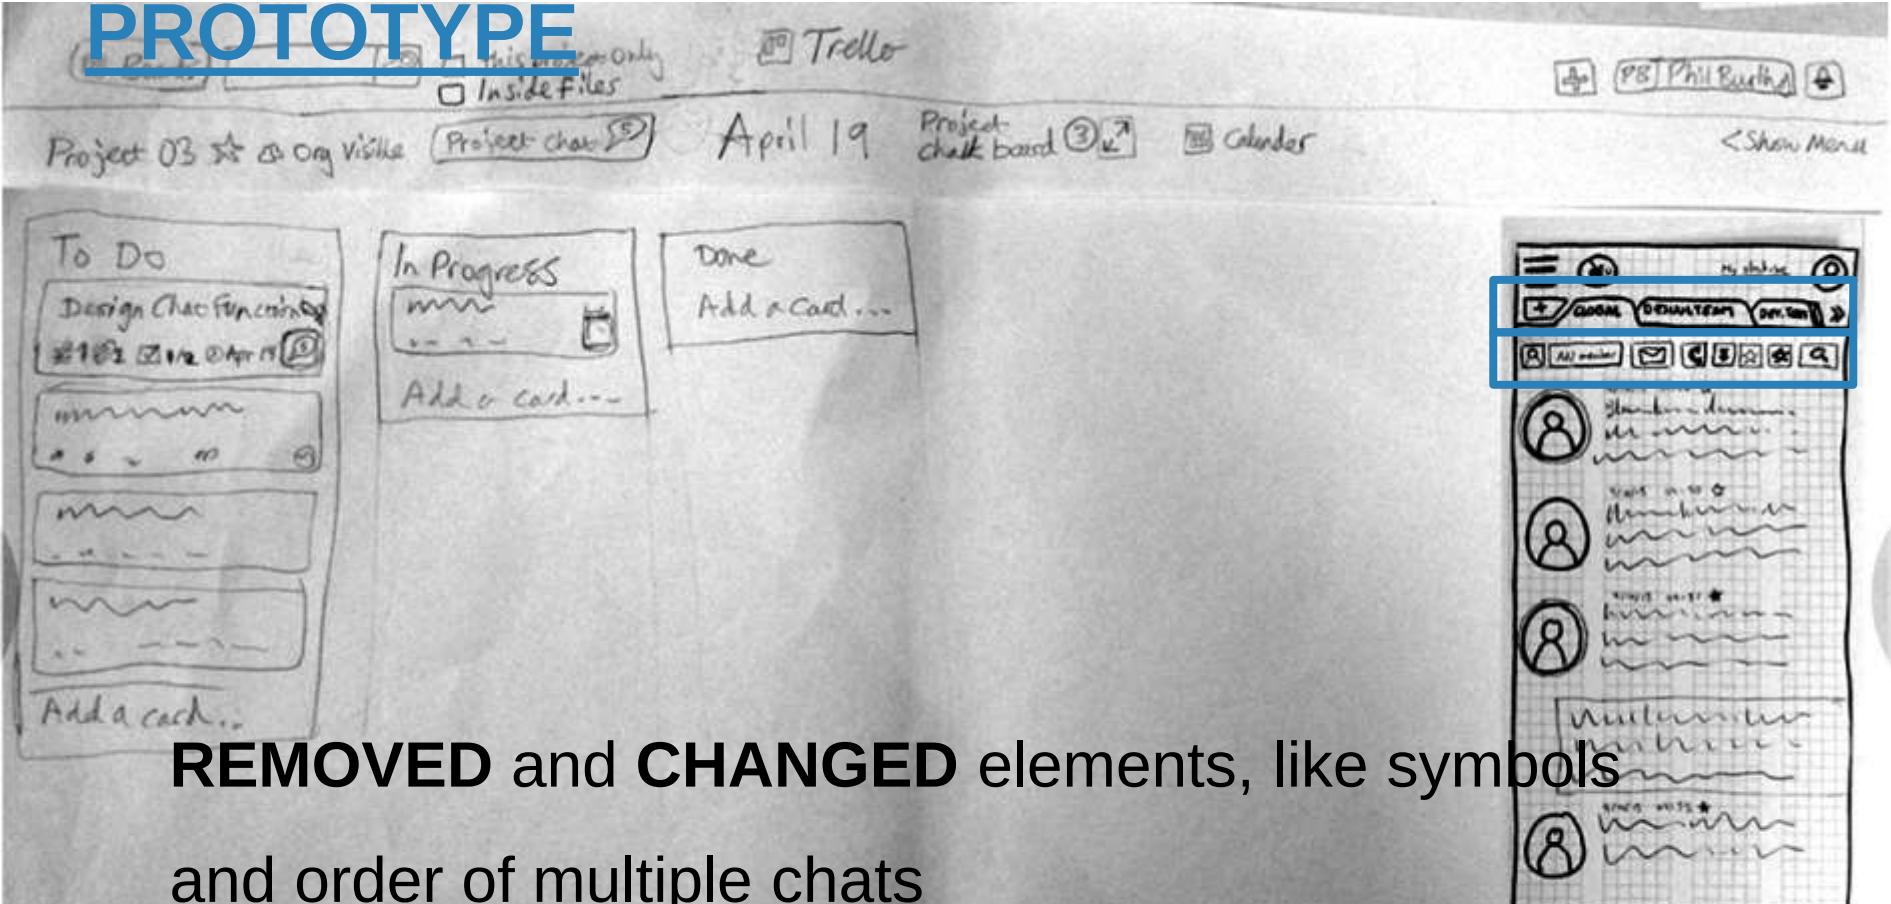

TESTING

PAPER PROTOTYPE

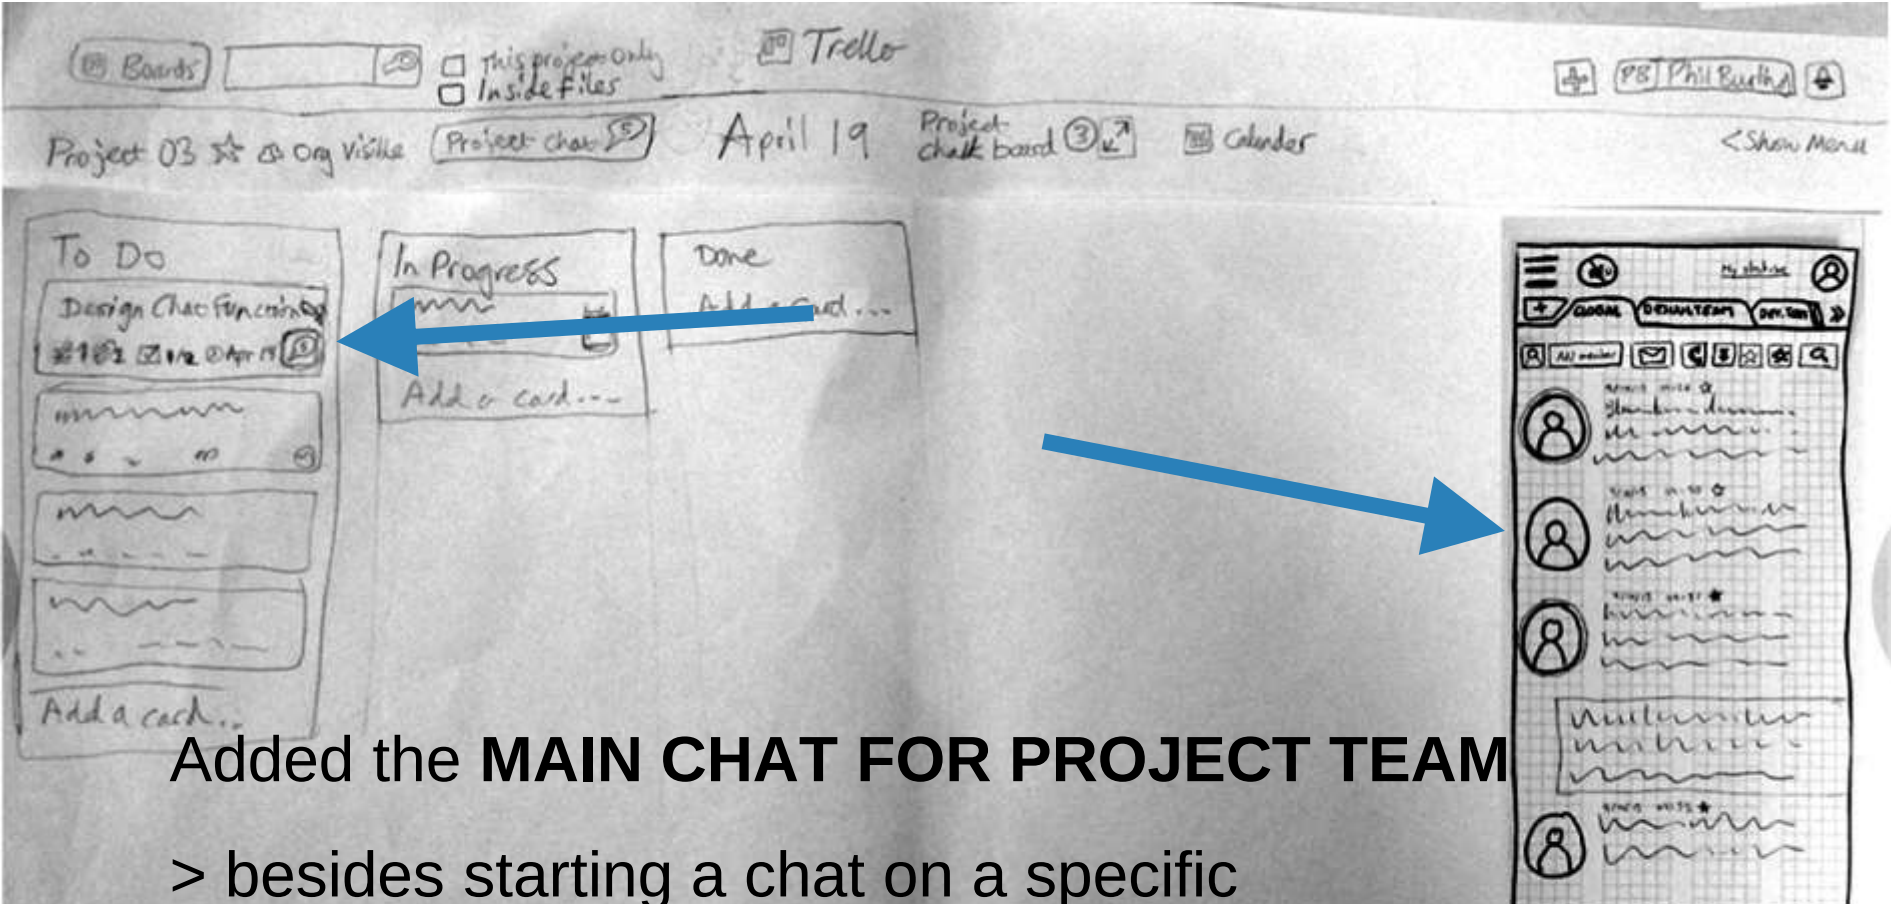

PAPER PROTOTYPE

REMOVED and **CHANGED** elements, like symbols and order of multiple chats

PAPER PROTOTYPE

Added the **MAIN CHAT FOR PROJECT TEAM**

> besides starting a chat on a specific

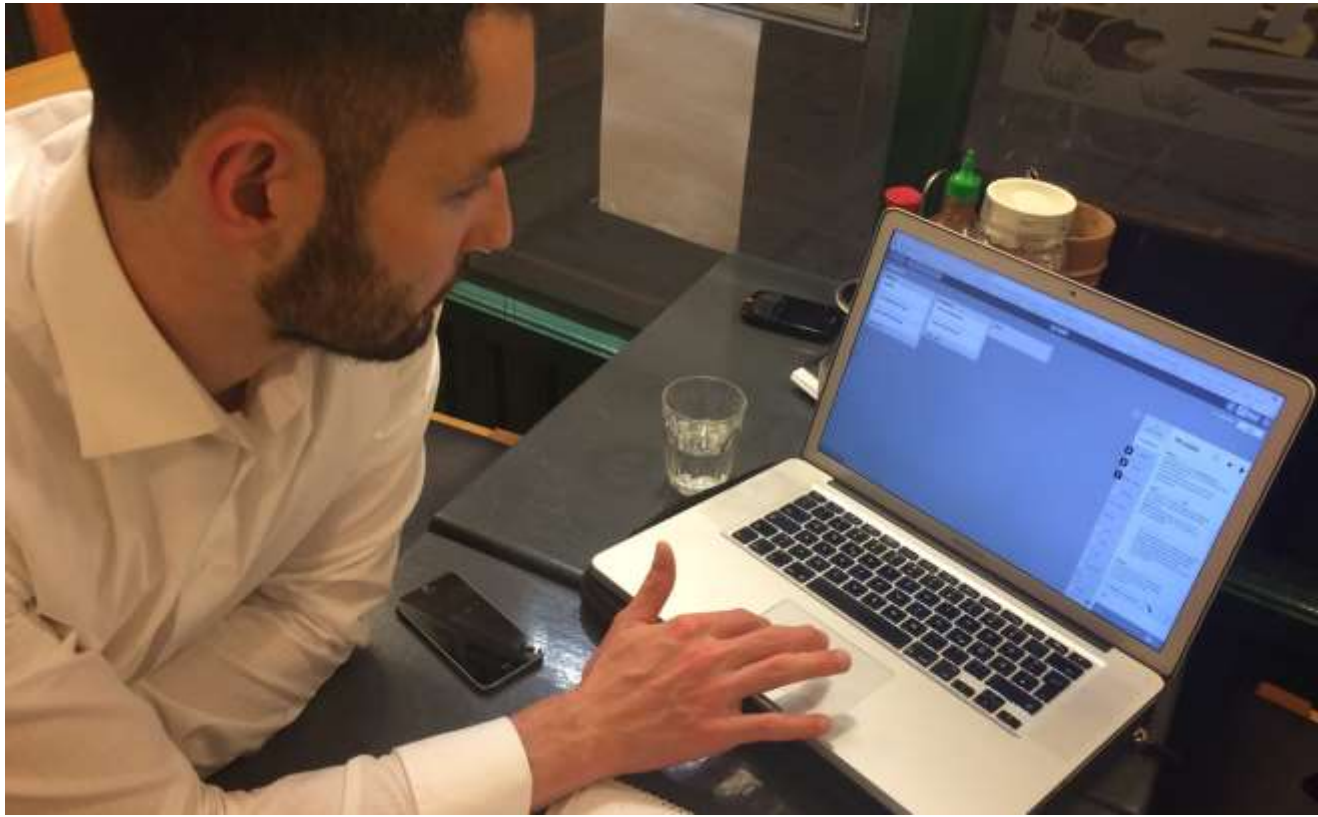

PAPER PROTOTYPE

INTERESTING FINDS

Holiday vs. busy

horizontal tab vs. vertical tab

Text and Symbols are sometimes unnecessary

PROTOTYPE

http://invis.io/W72S5Z2SB

FUTURE STEPS

ALLOW TRELLO TO INTEGRATE BETTER WITH OTHER CHATS

REDUCE FURTHER NOISE

Turn long messages into posts

EXTRACT PARTS OF CHAT TO SEND

E. g. results to clients

HASHTAGS

Jump straight to a card chat. Create and manipulate cards from the chat window.

“My team uses Slack, yours uses HipChat,
WHAT DO WE DO?”

“My team uses Slack, yours uses HipChat,
WHAT DO WE DO?”

“Trello **ALREADY GENERATES EMAIL ADDRESSES FOR TASKS.** Why not IM users also? It could broadcast users messages to each other”
